

Lab 9 - Tutorial

Spatial Analyst: Locate a new school.

Lab Submission for lab reports 8-10:

Due: 9am Friday, 30 May

- Single **PDF document** starting with a **separate Cover Page** with the **Lab Title, Course Code, your Name, Student ID, Lab Stream** and **Date**. (Full details are given under the "Assessment" section on pages 1-2).
- All labs unless otherwise noted have a **2-page limit** per lab report (cover page is excluded from the page count).
- **Part 1: Summary** without the fine detail (**300 words maximum**)
 - brief **Introduction, Method and Results**, and any **Concluding Observations**
 - reader understands and can potentially repeat the exercise in conjunction with the lab handout
 - Please be concise without repeating the lab instructions, and **do NOT include the Quiz questions and answers in your report**.
- **Part 2: Required graphics** with **short descriptive captions** (excluded from word count), and referred to in the Summary.
- **Required graphics for lab:** (*3 graphics minimum, though you may wish to show additional figures to further support your answers*)
 - ***Your completed model.***
 - ***The two different results produced by your model*** - (for top marks, your result figures should be presented as proper map layouts, with a north arrow, scale bar, and any other appropriate cartographic elements).
